

St George's Bickley CE Primary School

PE and Sports Premium Funding

2017-2018

REVIEWED AUTUMN 2018

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<ul style="list-style-type: none"> • The school offers a very wide range of extra curricular sports clubs and the numbers of children attending these clubs is increasing every term. • An HLTA has completed training and achieved the Level 5 Professional Vocation Qualification in Primary School PE Specialism. • Another TA is developing specialist PE skills through observing and supporting a Level 5 qualified member of staff leading PE lessons. • Annual sports and health week. This is a chance for all children to reflect on healthy lifestyles and take part in a wide range of sports throughout the week, led by school staff and brought in professionals from local clubs and sports teams. • All children take part in intra-school competitions during the year and the numbers of children participating in inter-school competitions is steadily increasing. • School team and individual sporting successes and shared and celebrated in assemblies, weekly newsletters and on the school sports display board. • A broad and balanced PE curriculum is taught across all year groups. • Extra PE interventions are run for children who are not yet meeting the expectations for their age group. • The daily mile scheme was trialled for KS2, and has been implemented across the school. • The playgrounds have been developed to include new trim trails and Poddely equipment encouraging active playtimes, for both KS1 and KS2. 	<ul style="list-style-type: none"> • Building works have been ongoing this year to expand the school, which has limited the number of intra house competitions. • The new playgrounds need to be zoned to encourage more active playtimes. Mid day supervisors need more training. • A healthy matters newsletter is being developed. • Participation levels of KS1 children in extra curricular clubs are lower than KS2 children. • Opportunities for inter school competition are significantly higher in Yr5 & 6. • Teachers confidence in teaching dance and OAA are lower than the areas of games and athletics. • The Year 6 teachers changed this year and need to be trained on how to deliver the play leadership programme. • The PE Subject Leader is new to the role so needs training. • The JTA's alongside Miss Paxton, will continue to role out the healthy travel (run, scoot and cycle) to school scheme.

Meeting national curriculum requirements for swimming and water safety	Please complete all of the below*:
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 meters?	82%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	82% There will be opportunity for 10 additional top up lessons during the summer term.
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	77% There will be opportunity for 10 additional top up lessons during the summer term.
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Yes/No
