"Life - Transforming - Learning"

Policy Title:	Freedom of Information Act Policy and Publication Scheme
Responsibility:	Chief Executive Officer
Review Body:	Board of Trustees
Date:	May 2018
Review:	May 2020

Introduction

One of the aims of the Freedom of Information Act 2000 (FOIA) is that public bodies, including academy trusts, should be clear and proactive about the information they will make public.

The Trust's publication scheme, which conforms to the model scheme for academies approved by the Information Commissioner, details:

- the classes of information the Trust and/or one or more of its academies publish or intend to publish;
- the manner in which the information will be published; and
- whether the information is available free of charge or on payment.

All information in our publication scheme is available in paper form from the office of any of the academies within the Trust. Some information will be available on the Trust website where it relates to the operation of the Trust or on the website of the specific academy where the information is only relevant to that academy. Some information may not be made public such as personal information in compliance with the requirements of the General Data Protection Regulations (GDPR) and the Data Protection Act 2018 (DPA).

Aims of the Trust

- Promote and establish a strong community of schools with a shared purpose and Christian ethos which in turn promotes and provides opportunity for spiritual, moral, cultural, personal and social development of all students.
- Achieve the highest standards of learner attainment so that all learners achieve their potential.
- Ensure outstanding teaching and learning.
- Create an innovative and personalised curriculum.
- Have a reputation for excellence in the community.

Our aim is that every learner, on leaving our academies, will be equipped to be a self-reliant, compassionate global citizen with high aspirations.

To achieve these aims, the Trust encourages all its academies to:

- Provide a happy school environment with Christian ideals in which children gain confidence as individuals, are able to take pride in their own ability, take responsibility for their actions and have consideration for the wider school community.
- Develop good habits and attitudes to work and life-long respect for learning.
- Develop high standards of literacy and numeracy.

- Involve children in the aesthetic pleasures of art, music, poetry, prose, drama and movement.
- Provide an environment where understanding, knowledge, and respect of people of different cultural backgrounds can be encouraged.
- Encourage high expectations of all school members using their abilities.
- Meet the needs of all learners of all abilities within the framework of a personalised curriculum.

This publication scheme is a means of showing how the Trust and its academies are pursuing these objectives.

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as ‘classes’. The classes of information that we undertake to make available are organised into the broad topic areas detailed below. Where ever possible the Trust will endeavour to publish the information on its website or that of the Academy. Where the information has not been published and you wish to see a copy of the document, please email info@aquinatrust.org and insert FOIA / Publication Scheme in the subject box followed by details of the documents you require and whether you require it in paper or digital format. Alternatively, please write to the Trust at Magpie Hall Lane, Bromley BR2 8HZ.
